# IKE / IKE+ Device Quick Start Guide

## Charging the IKE

- Remove the port cover (A) on the right side of the IKE Device and connect the IKE Charging Cable to the charging port (B).
- Connect the USB end of the IKE Charging Cable to the Wall Charging Adapter (C).
- Plug the IKE Wall Charging Adapter into an electrical outlet (D).
- Charge your IKE Device for 8 hours.
- To minimize charging time, power off your IKE Device while charging.
- The charging indicator light (E) will display various colors based on the state of the charge.
